

**REF:PERSONAL THANK YOU AND APPRECIATION**

Dear Sam,

I know my team has already reached out, but I wanted to take a moment to personally say hello and thank you for your support. Our Front Responders backers

**Sam, thank you for joining the Republican Party.**

One again I am reaching you, but I wanted to take a moment to personally say hello on behalf of the Party and NTC to thank you for your support

”Our front-liners backers are the heart of this campaign.”

Americans like you are exactly the reason why I want to keep serving as your Senator. I’ve been in your shoes most of my life — watching Washington gridlock and dysfunction hurt small businesses, workers, and family farms from a distance.

Business as usual on Capitol Hill is unacceptable. I am committed to changing that.

We don’t need any more politicians. We need more outsiders who are running for office to serve Americans, not themselves.

We need people like you who aren’t afraid to shake up Washington.

As we move forward, you'll be hearing from me and my team a lot. We want your opinions, your feedback, and to keep you updated on all of the important news.

Email is a great way to keep in touch - but if you'd like updates in real-time, feel free to follow us on social media.

**Thank you again, Sam.**

**I look forward to working with you.**
